

Please keep Airl on the FM radio. I listen to it ever morning and I refer other people in my community to listen to it. It has helped me tremendously in hearing a positive word and actually sing songs of worship. My children sing these songs now because after hearing them, they stick in your head and they are GOOD WORDS, not words that are foul or "hypnotize" children that sex is ok, or to "Like Big Butts", etc...

This radio station played on my radio every other weekend for a year as I went to visit my fiance who was in prison (for drunk driving) and listening to this music, I feel SAVED MY LIFE! (By hearing the word of God and knowing how much He cares and loves me)
